Cooper Medical School Now Accepting Applications for Saturday Enrichment Program

Explore careers and broaden your knowledge of science, technology and the field of urban medicine at the Junior Urban Medical Pioneers (JUMP) High School Academy, a popular one-day program at Cooper Medical School of Rowan University.

Developed specifically for high school students who excel in math and science and are considering careers in the health sciences, JUMP High offers a unique opportunity to work and learn from doctors, scientists, and medical student volunteers. Students will explore career opportunities in the field of medicine and leave with a better understanding of how to achieve success in the sciences. They will also learn health, economic and educational disparities that exist for residents of urban communities.

JUMP High is held on Saturdays from 8:45 a.m. to 1:30 p.m. Students must be nominated by their high school science department. Applications can be obtained from their high school guidance office and should be completed by the student and returned to the guidance counselor.

Application Deadline: Monday, October 3, 2016
Students will be notified of acceptance by Friday, October 7.

Eligibility Requirements:
• High School Students in grades 11 and 12.
• Selected by high school science department and/or guidance counselor.
• Strong academics and/or the potential to achieve in the sciences.
• Students from urban areas and/or those from financially disadvantaged backgrounds will be given special consideration, but all interested applicants are encouraged to apply.
